Meet the team

The team at meo is moved by a common interest in the air we breathe and in the environment in which we raise our children.

Based in large Asian and European cities, meo team members all share the same passion for understanding and improving their everyday quality of living.

Saketaram Soussilane

Founder, CEO & CTO

Sakétaram has 15+ years experience in banking and trading and is passionate about daily behaviors to bring well-being. He is an Electrical Engineer specialized in robotics and signal processing - the latter of critical importance for robotics, since signal processing takes stimuli from the outside world and converts it into signals usable by machines. He focuses on bringing technical solutions with ease of use in mind, to serve the community. Sakétaram is based in Hong Kong, with his family.

Lyndon Wheeler

Co-Founder, COO

Lyndon has 10+ years experience in structured finance and has lived in Asia with his family for the last 9+ years, in both Hong Kong and Singapore – both countries which suffer from the effects of air pollution. Lyndon is a keen indoor and outdoor sports enthusiast having hiked most of Hong Kong's trails. He's from New Zealand, and is a Hong Kong permanent resident. Lyndon currently lives in Singapore with his family.

Maria L. Restrepo

Co-Founder, CCO

Maria has 10+ years experience in public health campaigns and health communication management. Her passion is to bring health considerations to the forefront of personal and business thinking. She is particularly interested in the environment, climate change, as well as pollution in air, water and others impacting our health. Maria has lived more than 9+ years in Asia, in both New Delhi, India, and Hong Kong with her family.

Michael Horman

Advisor, Business Development

Michael has been a corporate lawyer for over 15 years, most recently as an M&A corporate partner with Baker McKenzie in Hong Kong. He has extensive experience advising on investments and business transactions across Asia, Europe and Australia.

Sean

Advisor, China Specialist

Sean has 7+ years of experience in the banking industry in both London and Hong Kong, with regular visits to China. He is particularly interested in helping the community to live better. Sean is from Dalian, China and lives with his wife and 2 kids in Hong Kong.

Pierre

Advisor, Technical Architecture

Pierre has 10+ years experience in Java development. He is passionate about IoT (Internet of Things) and the major transformation it is bringing to our daily lives. He is very careful about privacy and security in all solutions designed. He has lived in Asia for 7+ years and is currently based in Japan with his family.

Philippe Nigro

Designer

Philippe has 15+ years experience in design and has recently been awarded 'Designer of the Year, 2014' at Now-Maison & Objet. He has been working for Hermes, as well as other luxury brands worldwide.

“Meo is a multi-cultural and professionally diverse team that has come together to create blue, with a high level of expertise in each of their fields and a personal passion for people’s wellbeing in general”
